Sir:

In view of the Decision On Petition To Correct Inventorship dated May 25, 2005,
Applicants renew the request to correct the inventorship of the above-identified application to
add inventor Hans Skutberg, who was inadvertently omitted, and delete inventor Daniel
Wäppling, who was inadvertently included.

Applicants previously submitted a statement by Daniel Wäppling stating that he was
erroneously listed as an inventor with no deceptive intent, a statement by inventor Hans
Skutberg stating that he was erroneously not listed as inventor with no deceptive intent, a
statement by Catarina Forssén, Patent Attorney for ABB AB, assignee of the entire right title
and interest in the application and a copy of a power of attorney indicating that Ms. Forssén
has authority to sign on behalf of ABB AB.

Applicants submit herewith a copy of the assignment by all of the inventors to ABB AB, which was submitted for recording in this case on May 5, 2005. As is apparent from the assignment, ABB is the assignee of the entire right, title and interest in this case.

The Decision asserted that the declaration was improper, referring to MPEP 201.03. This section addresses situations where all of the inventors are not listed on the declaration and then a complete declaration is assembled from the declarations only listing each inventor. That is not the case here, where all of the inventors appear on the second page of the declaration. There is no chance that each inventor did not sign a declaration that listed all of the inventors. Nevertheless, Applicants attach hereto pages 1 and 2 of each declaration for each inventor.

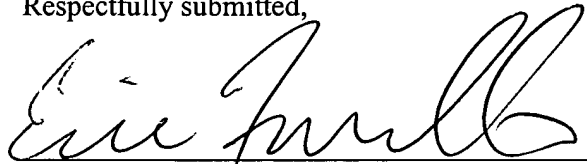

Applicants respectfully request that the inventorship of this application be corrected.

As stated in the Decision, no additional petition fee is due. However, the undersigned authorizes the Commissioner to charge any fee insufficiency and credit overpayment associated with this communication to deposit account 22-0261.
